## Zoning & Future Land Use Map

### C3 - General Commercial Zone

**Purpose.** The district is intended to provide for a broad variety of business activities including shoppers' goods stores, convenience goods and service establishments, offices and tourist/entertainment facilities. Many public and semi-public uses are also appropriate. Compared to the C-4 zone, this district is more suitable for uses requiring a high degree of accessibility to vehicular traffic, low intensity uses on large tracts of land, most repair services and small warehousing and wholesaling operations. Although this zone should be located along or near arterial or collector streets, it is not the intent of this district to encourage the extension of strip commercial areas. Instead it should promote concentrations of commercial activities.

(b) **Basic use standards.** Uses in a C-3 zone must meet the requirements of this section. More restrictive requirements, set forth in accordance with other provisions of this chapter, must be satisfied by some conditional uses.

(1) **Lot size.**

- a. The minimum lot area shall be ten thousand (10,000) square feet.
- b. The minimum lot width shall be seventy (70) feet.
- c. The minimum lot depth shall be ninety (90) feet.

(2) **Yards.**

- a. The minimum depth of the front yard will be twenty-five (25) feet.
- b. The minimum yard depth (if not the front yard) for portions of the property abutting a public right-of-way or residential district shall be fifteen (15) feet.

(3) **Lot coverage.** Buildings shall not cover more than sixty (60) per cent of the lot area.

(4) **Building height.** No building shall exceed a height of sixty-five (65) feet above grade, except that multifamily developments in accordance with the requirements of the R-5 zone may be approved.
