# ZONING INFORMATION

## Sec. 12.1.03. Permitted uses.

1. Table 12-2 below identifies potential uses of land included in "use groups" with similar impacts. Each use group contains one or more of the uses described in Article 3 (see definitions in Div. 1, Article 3, and Table 12-1.02). Each Redevelopment Zoning District contains a table describing which use groups are permitted.
2. Not all uses listed in Table 12-2 are permitted in every Redevelopment Zoning District or Subdistrict.
3. The Growth Management Director may approve uses other than those listed in the use groups permitted tables upon a finding that the use is functionally similar to the permitted uses and that the use is not likely to generate harmful impacts or create incompatibilities with other uses in the area. Prior to the decision, the Growth Management Director may request a recommendation from the Neighborhood Advisory Committee for that Redevelopment Zoning District. The Growth Management Director shall keep a record of all such determinations. The approval of a use pursuant to this provision may include conditions including, but not limited to, a time limitation on the requested use.
4. *Accessory uses and structures.* Accessory uses and structures are permitted in Redevelopment Zoning Districts and subdistricts when such uses or structures:
  - a. Are ancillary, in connection with, and incidental to, the principal use or structure allowed within the district and subdistrict in question;
  - b. Contribute to the comfort, convenience or necessity of occupants within the principal use or structure served; and
  - c. Are located on the same lot, or on a contiguous lot that is either under the same ownership as the lot on which the principal use occurs, or is under the ownership of a homeowners' association and in the same zoning district and subdistrict as the principal use or structure.
- d. With the exception of fences, walls and boat docks, accessory uses and structures shall not be established on a lot prior to the issuance of all permits required for the development of the principal use to which it is accessory.
- e. Development standards applicable to accessory uses and structures are provided in Section 12.1.04.
