COMMERCIAL REAL ESTATE

EXECUTIVE SUMMARY

Opportunity Overview

This offering presents a prime development opportunity consisting of multiple land parcels totaling 5.34 acres, located on SE Hillmoor Dr. in Port St. Lucie, Florida. The site is fully site plan approved for a mixed-use development project, encompassing 112 apartment/condo units with garages, 24,964 square feet of commercial space, and two restaurant outparcels.

Key Highlights

- **Prime Location:** Situated in the growing area of Port St. Lucie, this site benefits from strong demographic trends, making it ideal for residential and commercial development.
- **Turnkey Development:** The site has over \$4 million in paid site work, including utilities, drainage, and other infrastructure, making it pad site ready. Additionally, \$750,000 has been invested in architectural plans, streamlining the development process.
- **Building Permit Ready:** The project is ready for immediate execution, with the building permit available for issuance within 90 days of submittal.
- **Mixed-Use Potential:** The approved site plan allows for a versatile mix of residential units and commercial space, catering to the demands of the local market. The project also includes two restaurant outparcels, providing further value and attracting traffic to the site.

Investment Summary

This development opportunity is ideally suited for investors, developers, or joint venture partners looking to capitalize on the growing demand for mixed-use developments in Port St. Lucie. With significant site work already completed and architectural plans in place, this project offers a fast-tracked path to construction and value realization.

LOCATION OVERVIEW

Port St. Lucie, which encompasses Martin and St. Lucie County, is nestled in an area of Southeast Florida known as the Treasure Coast. This area is known for its blue waters, relaxed lifestyle, and strategic position midway between Orlando and Miami.

New residents to Port St. Lucie are drawn by its top-rated park system, access to the St. Lucie River, growing arts community, and diverse and affordable housing stock. The area's lower cost of living remains the primary driver of new resident attraction, with the bulk migrating from more expensive locations, including Miami and New York. Net inward migration is expected to drive demographic growth going forward, with the area's population expanding by 1.3% annually through 2028. The total population here was nearly 537,000 in 2023, with total nonfarm employment of over 174,000.

The area is connected to South Florida and Orlando, both located within a two-hour drive on I95 or the Turnpike. The closest port is the Port of Palm Beach, located about 45 minutes to the south, and the deepwater Port Everglades is about 90 minutes away in Fort Lauderdale. Proximity to urban centers and port infrastructure has attracted companies looking to set up their logistics operations here, the latest being Cotsco, which will have a store depot in St. Lucie's Southern Grove manufacturing/distribution area.

Other nearby transport infrastructure includes Port Canaveral, the second busiest cruise port in the world, located 90 minutes north on Interstate 95, Treasure Coast International Airport in Fort Pierce, and Vero Beach Regional Airport. The international airport's 3,800 acres house dozens of aeronautical businesses and offer significant growth potential for commercial passenger and cargo transport.
